

SEVEN IMPORTANT DOCTRINES IN TWO SHORT VERSES

Matthew 19:3-6

Our Lord's words in Matthew 19:4-5 are vitally important and set forth seven crucial teachings:

- 1) **The Genesis record is true** (verses 4-5). In these two verses our Lord quoted from Genesis 1 and then from Genesis 2. *"Have ye not read?"* He expected people to understand and believe the book of Genesis, and receive it as an authoritative record of what happened at the dawn of human history.
- 2) **Man did not evolve from lower creatures** (verse 4). Man was made by an all-wise Creator for a purpose; he is not a freak accident of nature who slowly developed by chance apart from any intelligence.
- 3) **There were not millions of years of pre-human history** because the creation of man took place "at the beginning" (verse 4). This rules out long geological periods prior to man's arrival on earth since man was there at the very beginning. Indeed, man was made just six days after the earth was created!
- 4) **There is no gender confusion with God** (verse 4). When God made man male and female He did not make a mistake, and gender identity is based on God's creation, not on man's self-identity.
- 5) **Marriage is defined as a union between a man and a woman** (verse 5). And what God hath defined, let not man re-define! Human judges and politicians have no authority to change God's definition of marriage.
- 6) **The family unit is composed of a father and mother and their offspring** (verse 5).
- 7) **Marriage results in a new and independent family unit** (verse 5), as the man leaves his father and mother and cleaves to his wife. **These seven doctrines are foundational to understanding why we are here, and they are fundamental to the very structure of our society. Disregard for these principles will lead to a country's decay and deterioration and ultimate destruction.**
