These Bible study notes are published by the MIDDLETOWN BIBLE CHURCH [349 East Street, Middletown, CT 06457; Phone (203) 346-0907]. These studies should not be reproduced without permission. These studies are designed to offer practical helps and hints so that a person can better understand his New Testament in light of its language, grammar and syntax. This set of notes was prepared for those who have never had any formal instruction in the Greek language. Much of these material is adapted from a Greek course entitled, "Greek Exegetical Methods" taught by Dr. James Boyer at Grace Theological Seminary (1973-1974).
