

# The Little Things Are so Important!

*Luke 16:1-10*

At the end of regulation, with seconds left, a shot is made to tie the basketball game and send it to overtime. In overtime, one team barely wins by just one point. In such a game little things are so important. The winning team made 10 out of 13 free throws. Missing just one more of those free throws might have cost them the game. Every little thing a player does on the court is either helping his team or hurting his team. Is he willing to dive for a loose ball? Is he willing to fight hard to gain a good position for a rebound? Is he able to make the right pass at the right time to the right person without turning the ball over to the other team? Every little play he makes or fails to make can make the difference in the final outcome.

As believers we are members of the same team. Our goal is to bring glory to God, to honor Him and to make Him known to others. Our Saviour has told us in Luke 16:10 to be faithful in that which is least. The little things we do—a kind word, a loving act, sacrificial service, a tract prayerfully distributed—can make a huge difference.

A man who worked for a bank was due for a good promotion. One day at lunch the bank's president happened to be standing behind the clerk in the cafeteria. He saw this employee slip two pats of butter under his slice of bread to hide them from the cashier. This little act of dishonesty cost him his promotion. Just ten cents worth of butter made the difference!

“He that is trusted in that which is small can be trusted with that which is great; the Lord often tests us with trifles, you see, to check our fidelity rate!”
